LABELS FOR EPSON COLORWORKS CW-C6000A

LABEL BASIC

- 02 High Gloss Label Rolls
- 01 Matte Label Rolls
- 02 Glossy Polypropylene Labels
- 03 Matte Polypropylene Labels
- 04 Chemical BS5609 Labels
- 05 Clear Polypropylene Labels

Our glossy white label rolls are made from a medium thickness sheet that allows for easy feeding through both laser and inkjet printers. The sheets are topcoated specifically for use with inkjet label printers so that your inks instantly bond with the sheet, creating a smear-proof finish.

High gloss labels are paper-based labels with a smooth, shiny and bright white surface. The general purpose, permanent adhesive adheres beautifully to cardboard, metals and most plastics. LabelBasic glossy paper labels are highly water and abrasion resistant. They reflect light and help colors pop. Gloss labels are popular for their polished and professional appearance.

LabelBasic Matte labels are paper-based labels with a smooth, white matte surface. The general purpose, permanent adhesive adheres beautifully to cardboard, metals and most plastics. These LabelBasic matte paper labels are highly water and abrasion resistant. Matte labels are popular because of their versatility. They can be luxurious or natural looking depending on the design, use, and placement.

Our Matte Polypropylene Inkjet label rolls offer water, oil, flex-crack, and puncture resistance. In addition, these labels won't shrink or wrinkle with changes to the environment and they result in crisp, clear text and images.

Our **Matte Polypropylene Label** gives your designs a more subdued look with little glare. The satin-like surface offers a high quality feel premium brands love.

Businesses need to meet the GHSBS5609 certification to ensure that any chemical or drum labels are able to last in unforgiving environments, particularly those that are submerged underwater for extended periods of time. Under GHSBS5609 certification, labels must be able to withstand a three-month saltwater submersion.

These GHS BS5609-certified labels are proven meet the most stringent tests for durability in the industry, and are described as an extremely durable label suitable use in harsh environmental conditions.
